Conflict Theory and Power Dynamics

Conflict theory is a dominant framework in Eitzen's analysis. He argues that social problems are often the result of power struggles between different groups in society, particularly between the dominant elite and marginalized populations. The ebook explores how the interests of powerful groups can shape the definition and response to social problems, often in ways that benefit themselves while disadvantaging others. This perspective is vital for understanding how **social inequality** is perpetuated and how dominant ideologies can obscure underlying power imbalances.
