

Life Study Of The Bible By Witness Lee

A Comprehensive Look at Witness Lee's Life-Study of the Bible

Witness Lee's "Life-Study of the Bible" is a monumental undertaking, a systematic and comprehensive approach to understanding Scripture that emphasizes experiential knowledge and its practical application in daily life. This delves into the core principles, methodologies, and practical implications of this influential teaching. *Understanding the Foundation: The Vision of Experiential Truth* Lee's approach departs from traditional exegesis by emphasizing the "life" of the biblical text, not just its literal meaning. He believed that the Bible isn't a collection of isolated stories or historical accounts, but a living organism revealing God's character and His intended relationship with humanity. This "life-study" transcends the realm of intellectual understanding, aiming to bring the reader into a dynamic, personal encounter with God as revealed throughout Scripture. Imagine a complex recipe; textual exegesis provides the ingredients (understanding the words), while life-study reveals the process of preparing and experiencing the meal (experiencing the spiritual nourishment). Key Methodological Pillars Lee's approach rests on several key principles:

- **The Principle of the Divine Pattern:** Lee stresses that the Bible reveals a divine pattern, a recurring theme throughout Scripture. He argues that understanding these patterns allows us to see the flow and development of God's purpose. This is akin to understanding the overarching narrative of a novel, recognizing recurring motifs that shape the characters and plot.
- *The Importance of Relationship:* Lee emphasizes the importance of understanding God's dealings with humanity in relationship. This involves recognizing the Father-Son dynamic, the Son's relationship with humanity, and the resulting life-pattern of believers. This is analogous to studying the intricate relationships within a family, understanding the dynamics that shape its interactions.
- **Experience Over Speculation:** Lee consistently promoted the necessity of spiritual experience to truly grasp biblical principles. He believed that rote memorization or intellectual analysis alone wouldn't yield the depth of understanding needed for spiritual growth. This is like learning a language through immersion rather than simply memorizing grammar rules.

Practical Applications and Analogies Lee's teachings are not merely theoretical; they offer practical guidelines for living a transformed life. Consider these practical applications:

- **Prayer and Spiritual Warfare:** Life-study helps understand prayer as a dynamic participation in God's economy. Lee explores the significance of warfare in the spiritual realm, equipping believers with the tools to combat spiritual forces. This is like learning the tactics of a battle; understanding the enemy's weaknesses and strengths is crucial for victory.
- Kingdom Living: Lee's teachings stress the need for believers to live in alignment with God's kingdom values. He emphasizes the importance of service, love, and righteousness in daily life. This is like navigating a ship; understanding the principles of navigation will lead to a successful voyage.
- **Discovering the Kingdom of Heaven:** Life-study

explores the concept of the Kingdom of Heaven not as a future event but as a present reality. Lee teaches believers how to enter and experience the Kingdom of God now, rather than merely waiting for its eventual manifestation. This is analogous to a seed growing into a tree – the potential is present from the moment of planting. **Forward-looking Conclusion** Lee's life-study methodology invites a deep, experiential engagement with the divine text, fostering not merely intellectual understanding, but transformative spiritual growth. It invites us to see the interconnectedness of biblical stories, to understand the patterns and themes of God's dealings with humanity, and to live in alignment with His kingdom values. This understanding, however, is not static; it demands a lifelong journey of study, application, and relationship with God. The journey continues; life-study is not a destination, but a continuous process of discovery and transformation. Expert-Level FAQs

Key Themes and Principles in Witness Lee's Life-Study

Witness Lee's teachings are characterized by several interconnected themes that permeate his entire Life-Study. Understanding these principles is crucial to appreciating the unique value of his work.

God's Economy: The Central Theme

Perhaps the most overarching theme in the Life-Study is "God's economy." This concept, derived from the Greek word **oikonomia**, refers to God's household administration, His plan to dispense Himself into His chosen people. Witness Lee elaborates on this by explaining that God's ultimate desire is to gain humanity, not just to save them from sin, but to impart Himself into them, making them His expression and His Body. The entire Bible, from Genesis to Revelation, is seen as unfolding this glorious economy.

Christ as Life: The Core of the Gospel

For Witness Lee, Christ is not just the Savior; He is life itself. The Life-Study consistently highlights Jesus Christ as the very essence of God's dispensing into humanity. He is the life-giving Spirit, the source of all spiritual vitality, and the model for our Christian experience. The emphasis is on experiencing Christ, not just knowing about Him. This involves receiving Him, abiding in Him, and allowing Him to live through us.

The Church as the Body of Christ: God's Corporate Expression

Another central pillar of the Life-Study is the understanding of the church. Witness Lee presents the church not as a religious organization or a building, but as the organic Body of Christ. This

means that believers are intricately connected to Christ as the Head and to each other as members, forming a living, functioning entity that expresses God to the world. The Life-Study delves deeply into the divine and human aspects of the church, emphasizing the importance of corporate worship, fellowship, and the exercise of spiritual gifts for the building up of this Body.

The Indwelling Spirit: Enabling Our Christian Walk

The Holy Spirit plays a vital role in Witness Lee's teachings. He stresses the indwelling presence of the Spirit in every believer as the key to experiencing God's life and power. The Spirit is not merely a force, but God Himself dwelling within us, enabling us to live the Christian life, understand the Word, and function as members of Christ's Body. The Life-Study encourages believers to be filled with, walk by, and be guided by the Spirit in all aspects of their lives.

Unveiling the Depths: A Detailed and Analytical Study of Witness Lee's Life Studies of the Bible

For decades, the "Life-study of the Bible" by Witness Lee has served as a cornerstone for countless Christians seeking a deeper, more experiential understanding of Scripture. More than just commentary, these voluminous works offer a transformative journey through God's Word, emphasizing the divine life as the central theme and the ultimate experience of believers. This article delves into the essence of Witness Lee's Life-studies, exploring their unique methodology, theological underpinnings, and lasting impact on biblical interpretation and Christian living. We will analyze the core principles that drive this monumental endeavor, examining how it seeks to move believers beyond mere intellectual assent to a vibrant, living relationship with God through Christ.

The Genesis of a Monumental Work: Witness Lee's Vision for Experiential Truth

Witness Lee (1905-1997) was a prolific author and preacher whose ministry was deeply rooted in the teachings of Watchman Nee, another pivotal figure in 20th-century Chinese Christianity. Lee's primary objective in undertaking the Life-study was to present the Bible not as a historical record or a collection of abstract doctrines, but as a living revelation of God's economy – His eternal plan to dispense Himself into humanity. He believed that the Word of God is inherently spiritual and alive, capable of imparting the divine life to those who engage with it sincerely. This conviction fueled his lifelong dedication to producing over 600 volumes of Life-study, covering every book of the Bible from Genesis to Revelation.

The Life-study was not an academic exercise in the traditional sense. Instead, it was born out of Lee's own profound spiritual experiences and his unwavering desire to see believers experience the truths of the Bible in their daily lives. He consistently emphasized that the Bible is "spirit and life" (John 6:63), and that true understanding comes not from mere human intellect but from the inner illumination of the Holy Spirit. This emphasis on the subjective experience of divine truth is a hallmark of his approach.

The Core Methodology: Unpacking the Divine Life and God's

Economy

The central hermeneutical principle guiding Witness Lee's Life-studies is the focus on the divine life and God's economy. He saw the entire Bible as a progressive unfolding of God's plan to impart Himself, the Triune God, into His chosen people for the building up of His Body, the Church. This perspective fundamentally shapes how he reads and interprets Scripture. Every passage, from the creation account in Genesis to the New Jerusalem in Revelation, is viewed through this lens.

The Triune God as the Subject of the Bible

Lee's interpretation consistently highlights the person and work of the Triune God – the Father, the Son, and the Spirit – as the central "subject" of the Bible. He teaches that God the Father is the source, God the Son is the expression and the content, and God the Spirit is the application and impartation of God's substance into believers. This Christ-centered approach, while common in many Christian traditions, is intensified in the Life-studies, where Christ is not just the Savior but also the very life and essence that believers are meant to live and express.

God's Economy: The Grand Divine Plan

A crucial concept in the Life-studies is "God's economy" (Greek: *oikonomia*). Lee explains this as God's household administration or plan, by which He accomplishes His purpose of dispensing Himself into humanity. This dispensation is seen as a multi-stage process, initiated in eternity past, carried out in Christ's incarnation, life, death, and resurrection, and applied by the Holy Spirit to believers, ultimately resulting in the New Jerusalem as the corporate expression of God's dispensing.

Experiencing Christ as Life

The primary aim of the Life-study is to help believers experience Christ as their life. Lee frequently uses the metaphor of food and eating to illustrate how believers are to receive Christ. He emphasizes that Christ is the "bread of life" (John 6:35) and that through faith, prayer, and the Word, believers are to inwardly digest and assimilate Him, allowing Him to become their very sustenance and everything they are. This concept of spiritual assimilation is a key takeaway from his teachings.

Typology and Symbolism

Witness Lee extensively utilizes typology and symbolism to uncover deeper spiritual meanings in the Old Testament. He argues that many individuals, events, and institutions in the Old Testament prefigure Christ and His work, as well as the church and the experience of believers. For example, he would expound on how the tabernacle, the feasts, and the sacrifices in the Old Testament all point to Christ and His redemptive work. This allegorical approach, while needing careful discernment, is central to revealing the richness and interconnectedness of God's Word.

The Church as the Body of Christ

The Life-studies place a strong emphasis on the church as the Body of Christ, the corporate expression of the Triune God on earth. Lee's teachings often highlight the importance of the church meeting together for mutual encouragement, nourishment, and the building up of believers. He advocates for a unique understanding of the local church as a manifestation of the universal Body, where believers share in the divine life and work together to fulfill God's purpose.

Key Themes and Theological Contributions

Witness Lee's Life-studies are characterized by a consistent focus on several key theological themes that permeate his exposition of Scripture. Understanding these themes is crucial to grasping the unique contribution of his work.

The Indwelling and Indwelling Spirit

The indwelling of Christ and the indwelling of the Holy Spirit are central. Lee emphasizes that believers are not just recipients of God's grace but are indwelt by the Triune God. The Holy Spirit is presented as the practical embodiment of God, enabling believers to live out Christ and fulfill God's purpose. The distinction and yet the inseparable work of the Father, Son, and Spirit in the believers' experience are meticulously detailed.

Regeneration, Sanctification, and Transformation

The process of spiritual regeneration, sanctification, and transformation is explained as a dynamic, ongoing experience. Regeneration is the initial impartation of divine life, sanctification is the process of being separated unto God and saturated with His life, and transformation is the metamorphosis of the believer's being to be conformed to the image of Christ. These are not seen as isolated doctrines but as interconnected aspects of the divine life at work within believers.

Spiritual Warfare and the Defeating of Satan

The Life-studies also delve deeply into the reality of spiritual warfare, presenting believers as soldiers of Christ engaged in a cosmic battle against Satan and his forces. However, the emphasis is not on human strength but on the all-sufficient power of Christ within the believer and the authority of the church. Victory is found in living Christ and applying His finished work.

The New Jerusalem: The Ultimate Fulfillment

The Book of Revelation, and particularly the vision of the New Jerusalem, is presented as the grand climax and ultimate fulfillment of God's economy. Lee expounds on the New Jerusalem as the ultimate corporate expression of the Triune God and the eternal dwelling place of God with His redeemed people. This visionary aspect underscores the eternal perspective of his teachings.

It is important to acknowledge that, like any significant theological work, Witness Lee's Life-studies have also faced scrutiny and critique. Some scholars and theologians have raised concerns about his use of typology, his emphasis on the local church, and certain doctrinal interpretations. A balanced approach involves engaging with the Life-studies critically while appreciating their immense contribution to spiritual understanding.
